Entrants must use the Challenge Tools to safely drill three holes into the board provided and then drive three screws flush into a second board provided. For the purpose of the Challenge, “flush” means that the top of the head of the screw is level with or below the surface of the board.
- h. Entrants must use the protective equipment and clothing provided by the Promoter and must remain in the Challenge area throughout their attempt. Entrants must use the Challenge Tools in the mode and speed pre-set by the Promoter. For the avoidance of doubt, entrants are **not** permitted to use their own impact drivers, tools, equipment or any other Challenge-related materials (including batteries, timers, stopwatches, etc.).
- i. The Challenge must be completed strictly in accordance with the steps set out below (“**Qualifying Criteria**”) to be considered a qualifying entry (“**Qualifying Entry**”):
 - (i) the entrant must move safely to the rig as directed by the Promoter’s representatives;
 - (ii) with the same hand the entrant will use to operate the relevant Challenge Tool (“**driver hand**”) - start the timer;

 - (x) With the driver hand - put the Impact Driver back into its holder;
 - (xi) and with the driver hand - stop the timer;

- l. The Fastest time during the event day in Norway will be awarded **The Fastest time of the day Prize** (described below).

- n. All Qualifying Entries will appear on a Competition leaderboard, which will be available online at <https://www.dewalt.eu/nordics/yellowdemon/> during the Entry Period. The Qualifying Entry with the fastest time will appear at the top of the leaderboard, followed by the next fastest, and so on. The leaderboard will be updated after each Qualifying Event. The leaderboard will feature the chosen display name of each entrant together with the date and location of the Qualifying Event that they attended and the time that they achieved.
- o. Upon completion of all Qualifying Events, the leaderboard will be updated and those entrants finishing in the **top 2 fastest times in Norway** positions can be filtered and show on the leaderboard ("Fastest time during Entry Period Prize and Second fastest time during Entry Period Prize"). The Fastest time of the day Prize can be filtered and show on the leaderboard on the day.
- p. In the event of a tie in timing affecting the top 2 positions, an entrant that set a time on the earlier date will proceed to the McLaren experience.

Unforeseen events

- q. If something beyond the control of the Promoter occurs, which in the Promoter's sole and absolute discretion makes it unsafe, impossible or unfair for entrants to continue, the Promoter shall be entitled to discontinue and stop the relevant event and may, but is not obligated to, continue it at another time or day. Entrants will not have the opportunity to practice or retry; except that the Promoter, in its sole and absolute discretion, may allow an entrant to retake their turn in the event of a power, mechanical or other failure affecting a Challenge Tool, timer or rig, where that failure was beyond the control of the entrant (including in the case of motor burn out or failure to operate).
 - r. The Promoter will not be responsible for any power, mechanical or other failures affecting the venue hosting the event or if any participant does not use a Challenge Tool in the correct speed or mode. However, if there is a malfunction of a Challenge Tool, timer or rig, such that the relevant item is no longer operable or capable of meeting the requirements of the Challenge, the Promoter, in its sole and absolute discretion, will replace such item with a comparable substitute and allow the entrant to retake their turn.
 - s. For the avoidance of doubt, entrants are not permitted to use their own impact drivers, tools, equipment or any other Challenge-related materials (including batteries, timers, stopwatches, etc.).
